

Town of Brewster
Part-time Public Health Nurse

Brewster seeks qualified candidates for a part-time Public Health Nurse. Position responsible for promoting health and the prevention of disease by performing professional nursing work in administering various public health programs and providing administrative and informational support services to the Board of Health, local officials, residents, and members of the medical community. Duties include but are not limited to; coordinates services for residents with private, public, and community voluntary health service agencies and serves as liaison to community groups. Identifies at-risk populations; develops programs to meet identified needs. May coordinate specialized health care/training programs or projects, such as health clinics.

Prepares and distributes educational materials and manages postings for social media.

Bachelor's degree in Public Health or Nursing field with five years' work experience, or an equivalent combination of education, training, and experience. This is an eight hour a week position with a starting pay rate of \$30-\$35/hour. Submit cover letter, resume and Town employment application to employment@brewster-ma.gov. Position open and applications accepted until filled with a priority deadline of 10/27/2022. Job description and Town employment application on Town website, www.Brewster-ma.gov. EEO/AA
