

## REGIONAL HEALTH AGENT

The **Leicester Regional Public Health Coalition** is seeking qualified candidates for the full-time position of **Regional Health Agent**. This role primarily involves working within the member towns served by the Coalition.

### **Position Overview:**

Under a multi-town agreement, the Regional Health Agent is responsible for a wide range of public health duties, including but not limited to:

- Conducting routine inspections of food service establishments, Title 5 septic systems, housing, pools, and other regulated facilities
- Investigating complaints and enforcing the Massachusetts State Sanitary Code
- Ensuring compliance with state and local public health laws, regulations, and policies

This position may require occasional evening or weekend work, including emergency response duties.

### **Recommended Minimum Qualifications:**

- Bachelor's degree in public health, Environmental Health, or a closely related field
- 1–3 years of relevant field experience performing inspections in areas such as housing, food service, pools, septic systems, or other environmental health fields
- Appropriate certifications for environmental health code enforcement preferred
- Special Requirements within 18 months after Hire: Registered Sanitarian (RS) or equivalent within 6 years of hire; Foundations in Public Health course within 18 months; As applicable, specific certifications for inspections performed, such as soil evaluator, system inspector, food inspector training, housing inspection training, certified pool operator/certified pool inspector, lead determinator within 1 year of hire
- Valid Massachusetts driver's license with a good driving record

### **Salary:**

\$64,016 – \$81,048 annually, depending on qualifications (based on a 38-hour work week)

### **To Apply:**

Interested candidates should submit a resume and cover letter to [hr@leicesterma.org](mailto:hr@leicesterma.org). Position open until filled. For the full job description, please click [here](#)
